

NORFOLK & NORWICH BENEVOLENT MEDICAL SOCIETY

(Registered Friendly Society 560F)

www.nnbms.org.uk

Application for Student Membership

The Society was established in 1786 by Edward Rigby and is a registered Friendly Society. The object of the Society is to give financial help to those of its members or their dependants who are in need. Benefits are at the discretion of the Management Committee of the Society which is currently providing financial support for several doctors and their families.

Student Membership represents exceptional value at small cost; compare the annual subscription of £10 with the cost of student membership of the BMA. Even if your personal circumstances suggest that you are unlikely to need financial assistance in the future you may nonetheless wish to be associated with this long established Society helping Norfolk-based medical students, doctors and their families.

Candidates for Student Membership must be studying at the UEA School of Medicine, Health Policy and Practice. Following admission as a Student Member you may be eligible for benefits when undertaking Year 4 or 5 studies.

Student Membership applications are subject to approval by the Management Committee and will automatically terminate on you becoming a fully registered medical practitioner or leaving the area on completion of your course.

If you are eligible for membership and wish to join the Society the application form below should be completed and sent to the Society at the address below together with your cheque for £10 made payable to the Society.
